

## How to Add to Your Home Screen

Android · Chrome Browser

Follow these simple steps to save the LIWYMI app as an icon on your Android phone — no Play Store required. You'll get instant one-tap access to your sailing adventure. This is purely an informational app, at this stage, and does not allow any updates.

### STEP 1 Open Chrome

- On your Android phone, open the **Google Chrome** browser.
- Chrome has a red, yellow, green, and blue circular icon.
- **Note:** Steps may vary slightly on Samsung Internet — see tip below.

 *Samsung users: look for 'Add page to' in the menu instead.*

### STEP 2 Go to the LIWYMI Website

- Tap the address bar at the top of the screen.
- Type: **lifeiswhatyoumakeit.uk**
- Tap **Go** or the enter key on your keyboard.
- On top right hand corner – select the three lines and a drop down menu will appear
- Select **My Booking**

 *Make sure the full website loads before moving to the next step.*

### STEP 3 Log In to Your Account

- **Important:** You must log in before saving the shortcut.
- Enter your Booking Reference and Surname when prompted.
- Once logged in, you should see your name or account details on screen.
- Do not skip this step — the app icon will not show the login screen once saved.

 *If you're already logged in from a previous visit, you can move straight to the next step.*

## STEP 4 Open the Chrome Menu

- Tap the **three dots** (: ) in the top-right corner of Chrome.
- A dropdown menu will appear.

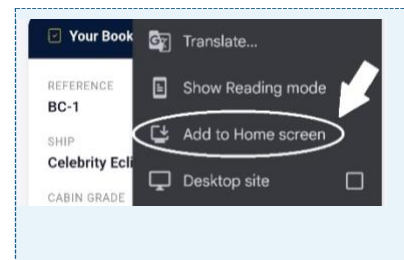

💡 *The menu icon is always in the top-right corner of Chrome.*

## STEP 5 Tap 'Add to Home Screen'

- In the dropdown menu, tap **'Add to Home screen'**.
- A pop-up will appear with a preview of the shortcut.

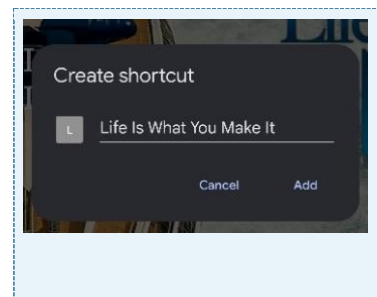

💡 *You may also see 'Install app' — either option works.*

## STEP 6 Confirm & Add

- You can rename the shortcut or leave it as **LIWYMI**.
- Tap **Add**.
- The LIWYMI icon will now appear on your home screen!

💡 *Tap and hold the icon to move or arrange it on your home screen.*
