

How to Add to Your Home Screen

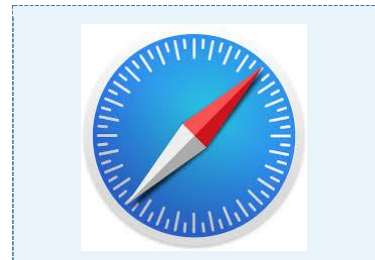

iPhone & iPad · Safari · iOS 16+

Follow these simple steps to save the LIWYMI app as an icon on your iPhone or iPad — no App Store required. You'll get instant one-tap access to your sailing adventure. This is purely an informational app, at this stage, and does not allow any updates.

STEP 1 Open Safari

- On your iPhone or iPad, open the **Safari** browser.
- Safari is the default browser (blue compass icon).
- **Note:** This only works in Safari — not Chrome or Firefox.

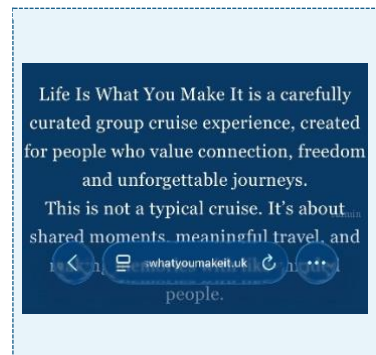

💡 Tap the Safari icon to open it.

STEP 2 Go to the LIWYMI Website

- Tap the address bar at the top of the screen.
- Type: **lifeiswhatyoumakeit.uk**
- Tap **Go** on your keyboard.
- On top right hand corner – select the three lines and a drop down menu will appear
- Select **My Booking**

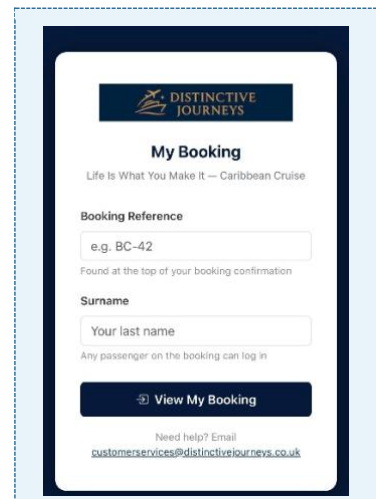

💡 Make sure the full website loads before continuing.

STEP 3 Log In to Your Account

- **Important:** You must log in before saving the shortcut.
- Enter your Booking Reference and Surname when prompted.
- Once logged in, you should see your name and number of days until departure on screen.
- Do not skip this step — the app icon will not show the login screen once saved.

💡 If you're already logged in from a previous visit, you can move straight to the next step.

STEP 4 Tap the Share Button

- At the bottom of the screen, tap the ... and then the **Share** button.
- It looks like a box with an arrow pointing upward.
- A menu will slide up from the bottom of the screen.

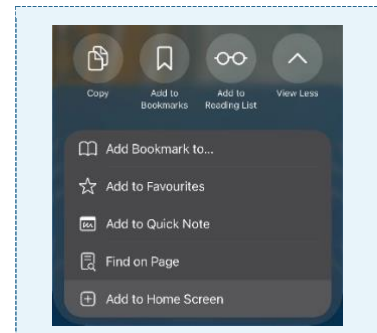

💡 *If you don't see it, scroll down slightly on the page first.*

STEP 5 Tap 'Add to Home Screen'

- Scroll down in the Share menu.
- Tap '**Add to Home Screen**'.
- A new screen will appear showing a preview.

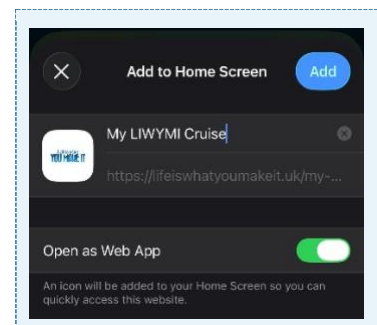

💡 *The LIWYMI logo should appear as the preview icon.*

STEP 6 Confirm & Add

- You can rename the shortcut or leave it as **LIWYMI**.
- Tap **Add** in the top-right corner.
- The icon will now appear on your home screen!

💡 *Tap and hold the icon to move it to your preferred spot.*
